

**AH**  
ATLANTIC HOUSING

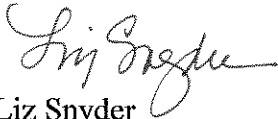

April 11, 2016

Dear Chris,

Atlantic Housing Foundation, Inc. migrated to Yardi in 2013, and engaged TJG for implementation, conversion and training for our 25 properties. We found the TJG very responsive and helpful in planning the implementation and subsequently being available for troubleshooting issues that arose. They also were able to customize a portion of the utility reimbursements on our 3 HUD project properties, and have gone above and beyond in keeping that program working throughout the frequent Yardi upgrades.

Overall, TJG has been very responsive to our needs as projects and issues arise, and their knowledge and expertise is a valuable resource for us and we continue to utilize their expertise on Yardi for both residential and affordable issues.

Regards,

Liz Snyder
